Ohio School Report Cards are in: 100% of Oakmont Education Schools Meet or Exceed Standards!

A Glimpse into Educational Excellence

In the realm of education, setting and achieving standards is a fundamental goal for any institution. It signifies a commitment to providing quality learning experiences for students. One way to assess a school's performance is by examining the results of its standardized testing and evaluations. In Ohio, the Department of Education provides valuable insights into school performance through its website, reportcard.education.ohio.gov.

When a school is reported to "exceed standards" on this platform, it's a cause for celebration and recognition. It means that the school has not just met but surpassed the rigorous benchmarks set by the state. This accomplishment showcases the dedication and hard work of educators, administrators, and students alike.

Exceeding standards reflects several key achievements:

Academic Excellence: Schools exceeding standards consistently achieve high academic performance across various subjects and grade levels, indicating a robust curriculum and effective teaching strategies.

Student Growth: It signifies that students are not only meeting proficiency standards but also making significant academic progress, demonstrating the school's commitment to individual student development.

Effective Instruction: Schools exceeding standards often employ innovative teaching methods and provide additional support to students who need it, ensuring a well-rounded education for all.

Community Impact: An institution that exceeds standards tends to have a positive influence on its community, attracting families seeking a high-quality education for their children.

We are thrilled to that all of Oakmont Education Schools have not only met or exceeded the State of Ohio standards. Our dedication to excellence in charter school management is evident in these outstanding results.

Marshall High School, Hamilton Campus: A Beacon of Hope for Dropout Recovery

Marshall High School is proud to announce the grand opening of its new Hamilton Campus, in partnership with Hamilton City Schools. This monumental initiative marks a significant step forward in providing educational opportunities and credit recovery solutions for youth in Hamilton and the surrounding communities.

Marshall High School, Hamilton Campus, under the Oakmont Education umbrella, is committed to offering a lifeline to students aged 15-21 who have faced challenges in traditional education settings. With a focus on dropout recovery, this innovative institution aims to empower students to achieve their dreams by providing them with a path to a high school diploma and beyond.

One of the key aspects that sets Marshall High School, Hamilton Campus, apart is its robust Career Technical Education (CTE) programs. These programs are designed to equip students with the skills and knowledge necessary for success in today's competitive job market. The school will offer CTE programs in Culinary, Construction, Manufacturing, Health Care, Direct Care, and Business, allowing students to explore their passions and discover promising career pathways.

At the helm of this exciting venture is School Leader Kelven Moss, a seasoned professional with over 10 years of experience in dropout recovery high schools. Mr. Moss's dedication and expertise make him an ideal leader to guide students toward academic success and personal growth.

The opening of Marshall High School, Hamilton Campus, would not have been possible without the unwavering support and collaboration of the Marshall High School Board. Their dedication and commitment to the project have played a pivotal role in bringing this vision to life.

The entire Marshall High School community is thrilled about the opportunities this new campus will provide for students seeking a second chance at education. We extend our heartfelt thanks to Hamilton City Schools and the Marshall High School Board for their invaluable support in making this dream a reality.

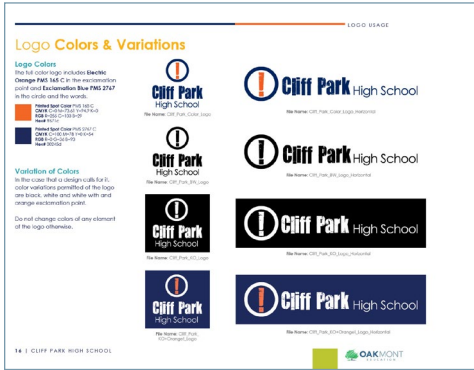

For more information about Marshall High School, Hamilton Campus, or to inquire about enrollment and program offerings, please visit marshallhshamilton.org. Join us in celebrating this momentous occasion and the promise of a brighter future for our youth.

Career Tech Graduate Spotlight: Todd Newnham, III and Joseph Cserynik

Todd Newnham III and Joseph Cserynik graduated from Towpath Trail East Campus last year. Over the last year, Todd and Joe completed the construction program which included building a home with Habitat for Humanity, all while completing their academic requirements for graduation. They were a part of the project from the beginning by helping build the floor system, frame walls, install trusses, windows, doors, and siding and more. Habitat for Humanity was impressed with their work ethic as well as their willingness to learn and enter the trades after graduation. In late April 2023, Habitat gave Todd and Joe official offers for employment, while the two students were still in high school. The offers each consisted of a competitive salary with benefits. Both students accepted their offers and started employment May 9th.

Oakmont Education Unveils Comprehensive Brand Guidelines Across All 16 High Schools

In September, Oakmont Education took a momentous step forward by launching brand guidelines at all 16 credit recovery and advancement high schools. These guidelines encompass brand messaging, marketing, enrollment strategies, career tech talking points, logo usage, color palettes, typography, and creative imagery.

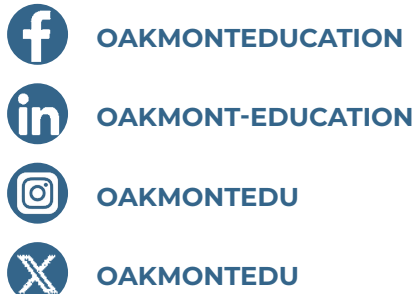

Our brand guidelines are a compass, ensuring a consistent and cohesive Oakmont Education brand identity. They include crafting compelling brand messaging, developing effective marketing and enrollment strategies, and highlighting our unique career tech programs. Furthermore, they establish logo usage rules, harmonious color schemes, suitable fonts, and guidance for creative imagery.

A noteworthy addition to our guidelines is the new email signature, promoting unity within our organization as we advance together. All staff members will adopt this signature, symbolizing our collective commitment to progress.

These guidelines reflect our unwavering dedication to delivering top-tier education and supporting student success. Oakmont Education's future promises growth, consistency, and impact thanks to these guidelines. Stay tuned for more exciting updates as we continue to elevate education at all levels.

Meet Brian LaDuca: Oakmont Education's Associate VP - Strategic Innovation

We are thrilled to introduce Brian LaDuca, our latest addition to the Oakmont family, in his role as Associate VP - Strategic Innovation. With nearly two decades of experience in educational leadership, Brian brings a wealth of knowledge and passion to our team.

Brian's expertise lies in the vital area of 21st-century skills, or soft skills, essential for students' academic and career success. He has developed a nationally recognized resilience curriculum, rooted in his doctoral research on workforce skill gaps. This curriculum is poised to transform our schools, preparing our students to navigate life's challenges with confidence.

What sets Brian apart is his collaborative spirit. He will be working closely with Oakmont Resiliency Coaches to implement this curriculum across our schools. Brian's creative abilities, innovative background, and data-driven approach ensure that Oakmont students receive a cutting-edge education.

Join us in extending a warm Oakmont welcome to Brian LaDuca, Associate VP - Strategic Innovation. We are excited about the energy, knowledge, and passion he brings to our team and our students.

Oakmont Education's Manufacturing Teachers Embark on Innovative Brixilated Training

In the ever-evolving landscape of education, staying ahead of the curve is paramount. Oakmont Education, known for its commitment to providing students with a holistic, future-focused education, has taken a bold step in this direction. From August 10th through the 11th, the manufacturing teachers of Oakmont Education immersed themselves in a transformative training program at Brixilated Builders Academy, aimed at harnessing the power of play to empower students with essential skills.

The Power of Play in Learning

At Brixilated, they firmly believe that play is the key to unlocking a world of possibilities in education. Recognizing that play is an innate human state that fosters crucial social and emotional skills such as emotional regulation, teamwork, responsibility, and empathy, Brixilated has developed the Brixilated Builders Academy. This curriculum and workforce development program align seamlessly with Oakmont's vision of preparing students not only for academic excellence but also for thriving in the complex socio-professional world.

The Brixilated Builders Academy Training Program

The two-day training program at Brixilated Builders Academy was a transformative experience for Oakmont's manufacturing educators. It focused on equipping them with the knowledge, tools, and strategies required to effectively implement the Brixilated Builders Academy program within the Oakmont Education ecosystem.

Upon successful completion of the training, these educators were bestowed with the prestigious title of Certified Brixilated Facilitators. This certification empowers them to infuse the program's principles and methodologies into their classrooms, creating vibrant and playful learning environments that foster active participation and the acquisition of social and emotional skills.

As Certified Brixilated Facilitators, these educators are now poised to lead the way in honing the employability skills of Oakmont students through skills training and workforce development programming. Their newfound knowledge equips them to adapt learning environments and delivery methods for maximum impact on their students.

A Bright Future for Oakmont Education

The Brixilated Builders Academy training has marked a significant step forward for Oakmont Education. By investing in their educators and embracing innovative, play-based learning methodologies, Oakmont is not only preparing students for success in the 21st century but also ensuring that their educators are equipped with the latest strategies and tools to make a difference in the lives of the students they serve.

As these Certified Brixilated Facilitators return to Oakmont, they bring with them a wealth of knowledge, enthusiasm, and a passion for transforming education through the power of play. Oakmont Education is undoubtedly on the path to a brighter future, where students thrive in an environment that values not just academic excellence but also the development of crucial life skills through the magic of play.

Regent Elite: Building Futures, One Field Trip at a Time

At Regent High School, a select group of students are blazing a trail toward their future careers through the Regent Elite club. Comprised exclusively of Career Technical Education (CTE) students specializing in healthcare, construction, and nail tech, this club is changing the game when it comes to preparing for life after graduation.

Led by the dynamic duo of Waymond Williamson and Jamila Caldwell, and under the guidance of the building Director, Jason Windon, Regent Elite is all about hands-on experience and networking. Throughout the semester, members embark on exciting field trips, where they get to witness their trades in action, attend inspiring guest speaker keynotes, and learn the art of professional networking within their industry and community.

The driving force behind Regent Elite is to ignite a passion for obtaining industry-recognized credentials and securing meaningful employment post-graduation. It's a reminder that the extra effort invested during high school has its perks, as these students are well on their way to building promising futures.

Through Regent Elite, Waymond, Jamila, and their dedicated team are paving the way for their fellow students to take the first steps toward a rewarding career before even receiving their diplomas. As they say, the future belongs to those who prepare for it today, and Regent Elite is leading the charge in preparing Regent High School students for success beyond the classroom.

OAKMONT EDUCATION PULSE: NAVIGATING EXCELLENCE IN CREDIT RECOVERY & ADVANCEMENT
